Dear Mr. Arnoff,

I am writing to compliment, and say thank you for, every person on your staff that I worked with on my recent move to South Carolina. During what could have been a stressful and overwhelming time, each of them... Dave Feldman, Denise, and, in particular, Bernie Percoski, the driver... made the move an efficient, organized, and even fun event!

Whether working with your loaders in Wappingers Falls or the crew here in North Myrtle Beach, Bernie was most professional. I had complete confidence that everything would go well... and it did! I also appreciated his kindness and his humor. He is a wonderful representative for your company.

Thank you again for making my move from state-to-state feel like it was a simple move "just around the corner."

Sincerely yours,
