Dear Mr. Feldman:

On behalf of the Board of Trustees and staff of the Howland Public Library, I'd like to express our appreciation for all the work Arnoff did to facilitate our recent renovation project. This was the first time any of us worked on a project of this magnitude. It was pretty overwhelming. Arnoff staff was extremely helpful throughout the project.

Thanks for helping stretch our grant dollars throughout the process. Everyone who comes into the library is blown away by how great it looks! We couldn't have done it without Arnoff's help.

Sincerely,

Phyllis Keaton
Library Director
