Subject: Thank you

Mike,

I wanted to take the time to personally thank you. The recent move that you did for us went flawlessly. It was a pleasure working with you and all of your crew throughout the month of August. Everyone on your team was polite and courteous. Tyrone and his crew were most accommodating and understood fully the nature and importance of my requests no matter how small or large they were. Even dealing with you're your office staff was a pleasure, whenever I needed boxes or stickers Peggy made sure it got done immediately. Your personal attention to detail and involvement in this process was also much appreciated, our regular conversations made sure nothing was overlooked. Thanks again for everything.
