Subject: RE: Moving Equipment to Queens

Hi Shawn:

Just wanted to send a follow-up note thanking you for your support in getting this job done. I also wanted to let you know the two guys that actually performed the move were great, very professional and a joy to work with. You know that if your group is anything like mine you typically only hear the bad things and it is always nice to hear the good. Well consider this good - I am very appreciate of their work effort and wanted to give them both a shout out for a job well done.

Thanks.
