Subject: thanks

David,

I meant to send this message about three weeks ago—better late than never. I just wanted to pass on my compliments on a job well done by your team. On 26 Dec, we had Declan and his team show up to move us from one set of quarters to another on West Point. In short, they did a GREAT job. Please pass on to them how satisfied we are with the job they did. Thanks David.

Best regards,

Fred Meyer
